

Pioneering a world of open payments

Founded in 2008, Trustly is a global leader in online banking payments. Our digital account-to-account platform redefines the speed, simplicity and security of payments, linking some of the world's most prominent merchants with consumers directly from their online banking accounts. Trustly can handle the entire payment journey, setting us apart from the competition and enabling us to offer an attractive alternative to the traditional card networks at a lower cost.

Trustly has 500 employees across Europe, North America and Latin America. We are a licensed Payment Institution under the second payment services directive (PSD2) and operate under the supervision of the Swedish Financial Supervisory Authority in Europe. In the US, we are state regulated as required to serve our target markets. Today we serve 8,100 merchants, connecting them with 525 million consumers and 6,300 banks in over 30 countries; and in 2020 we processed over \$21 billion in transaction volume in our global network.

Product Description

Trustly bypasses the complex traditional payments ecosystem, with its high levels of consumer friction and fees for merchants.

Our core products can be described as pay-ins, pay-outs, and recurring payments with value added services on top, such as identity information services, bank information services, and other merchant services.

We enable the shift to cardless societies, providing immediate payment, clarity and transparency to consumers in a sustainable and responsible manner.

No app, no new password and enrollment needed for consumers; a superior way to pay and accept online payments.

Verticals Served

We started our journey in the iGaming vertical and have since grown to include Financial Services, E-commerce, and Travel verticals that are expected to benefit strongly from the shift to account-to-account payments.

iGaming

Let players get in the game with swift deposits and rapid access to winnings.

Financial Services

Providing clients a premium experience with speedy deposits and payouts.

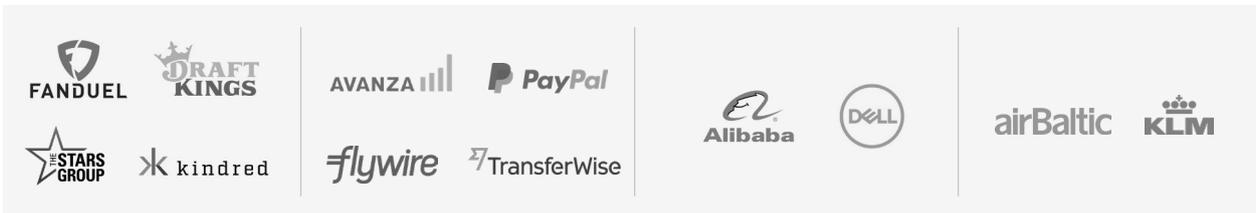

E-Commerce

Delighting shoppers with seamless payments and quicker refunds.

Travel

Open the door to new experiences and speed up your payment settlement.

“The most sustainable payment alternative available,”

OSCAR BERGLUND, CEO

[Learn more about sustainability at Trustly](#) →

When using Trustly, consumers pay with money already in their bank account, as opposed to assuming credit. As a purely debit payment method, Trustly is a sustainable way to pay that doesn't contribute to increased consumer indebtedness in society.
